JEFFY SAJAN
Python Django Full Stack Developer

I am a Python Full Stack Developer, and I'm thrilled about the chance to tackle interesting and challenging projects. I have a strong understanding of both front-end and back-end development, along with expertise in various technologies and methods. My focus is on bringing innovation, improving efficiency, and providing top-notch solutions that play a key role in the organization's growth and success.

Experience

July 2023 - January 2024

Luminar Technolab, Kochi (intern)

During my internship as a Python Full Stack Intern at Luminar Technolab in Kochi, I had the chance to acquire valuable hands-on expertise in the complete development of web applications. This internship offered a dynamic learning environment, allowing me to enhance my skills in both front-end and back-end development while actively contributing to real-world projects.

June 2022 - May 2023
Thomson Paper Products, Kottayam
Administrative Assistant
